Subpart B—Eligibility Requirements for the SDVO SBC Program

SOURCE: 69 FR 25267, May 5, 2004, unless otherwise noted.

§ 125.9 Who does SBA consider to own an SDVO SBC?

A concern must be at least 51% unconditionally and directly owned by one or more service-disabled veterans. More specifically:

(a) *Ownership must be direct.* Ownership by one or more service disabled veterans must be direct ownership. A concern owned principally by another business entity that is in turn owned and controlled by one or more service-disabled veterans does not meet this requirement. Ownership by a trust, such as a living trust, may be treated as the functional equivalent of ownership by service-disabled veterans where the trust is revocable, and service-disabled veterans are the grantors, trustees, and the current beneficiaries of the trust.

(b) *Ownership of a partnership.* In the case of a concern which is a partnership, at least 51% of every class of partnership interest must be unconditionally owned by one or more service-disabled veterans. The ownership must be reflected in the concern's partnership agreement.

(c) *Ownership of a limited liability company.* In the case of a concern which is a limited liability company, at least 51% of each class of member interest must be unconditionally owned by one or more service-disabled veterans.

(d) *Ownership of a corporation.* In the case of a concern which is a corporation, at least 51% of the aggregate of all stock outstanding and at least 51% of each class of voting stock outstanding must be unconditionally owned by one or more service-disabled veterans.

(e) *Stock options' effect on ownership.* In determining unconditional ownership, SBA will disregard any unexercised stock options or similar agreements held by service-disabled veterans. However, any unexercised stock options or similar agreements (including rights to convert non-voting stock or debentures into voting stock) held by non-service-disabled veterans will be treated as exercised, except for any ownership interests which are held by investment companies licensed under the Small Business Investment Act of 1958.

(f) *Change of ownership.* A concern may change its ownership or business structure so long as one or more service-disabled veterans own and control it after the change.

§ 125.10 Who does SBA consider to control an SDVO SBC?

(a) *General.* To be an eligible SDVO SBC, the management and daily business operations of the concern must be controlled by one or more service-disabled veterans (or in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran). Control by one or more service-disabled veterans means that both the long-term decisions making and the day-to-day management and administration of the business operations must be conducted by one or more service-disabled veterans (or in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran).

(b) *Managerial position and experience.* A service-disabled veteran (or in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran) must hold the highest officer position in the concern (usually President or Chief Executive Officer) and must have managerial experience of the extent and complexity needed to run the concern. The service-disabled veteran manager (or in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran) need not have the technical expertise or possess the required license to be found to control
